Dear Sirs,

34 Barnes View, SR4 7QA

Will you please accept this letter as an objection to the plans submitted by Gillian Milburn in respect of the above application. Our objection relates specifically to the installation of the three Velux windows to the rear of the property, on the basis that the applicant would thereby have a direct view into our garden and rear bedrooms. We would consider this to be a violation of and intrusion into our privacy, which is currently not an issue.

We would also mention that previously we have found it necessary to complain to the Council regarding noise nuisance due to this property being used (in the past) for business purposes by the applicant and /or her late husband. We therefore trust that any development now permitted will be carried out solely in accordance with the plans submitted and used for the purpose outlined.

Yours faithfully,

Ann and Michael Hampshire
