TREE PROTECTION FENCING

SITE PREPARATION & CLEARANCE

HABITAT MANAGEMENT & ENHANCEMENT

Item	Work Required	Cost
Phase 1 Survey	This involves a walkover on site, making a note of habitats and species present and their suitability to support protected species. A thorough search for evidence of protected species will also be undertaken. All buildings and/or trees to be impacted will be assessed as to their potential to support roosting bats.	£250.00 + VAT
Preliminary Ecological Appraisal	Once the field survey has been complete, the results will be written up into a PEA report. This document will make recommendations for further survey work as required.	£300.00 + VAT

Total cost - £550.00 +VAT

Terms

Upon acceptance of this quotation we will require a formal email, PO or letter of instruction for our services and the costs involved as outlined above.

Should you have any further queries please don't hesitate to get in touch
