PROPOSED ALTERATIONS...

This proposal is for the conversion of the conservatory to a solid roofed sun lounge to allow usage throughout the year. As part of this the sun lounge is to be extended to the garden wall and the wall to kitchen is to be removed to allow for further alterations to include wc and utility rooms. As part of the works the kitchen location is to be relocated within the sun lounge to give an expanded kitchen family room which better suits the client requirements. Rear access is to be retained to the property.
