Commenter Type: Amenity - Residents Group

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I have lived here for almost 10 years.

I'm completely disagree with the idea of building another flats.

In our neighborhood, in recent years have been build many new residential buildings and there is still so many under construction new developments now. Like one on Wilder Street and Upper York Street and Lakota has a permission to do it.

Its has been so stressful to living next to a construction site. We have to face constant noise pollution, dust and messy payments. Every morning our main gate has been blocked by the building materials and heavy duty vehicles.

Our windows are facing to wards

Our windows face Emmaus Building, so all sunlight will be cut off and our privacy will be obliterated by the people living opposite.

I have great hopes that my and other residents voice will be take seriously.
