Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I am a flat owner in Ducrow Court and I am oppose to building another flats around our area. There is built side on every corner already. 2on corner or Upper York Street. One on Wilder street. Lacota and rest of the old mortuary also have permission for flats and all that In a space of less that 100 meters square! This is area is already combusted. No car spaces and really busy. We have high crime du e to area being really populated. Gloucester road is one of busiest streets in Bristol generating life harming pollution from traffic. There is absolutely no reason to build flats on top of this building a part from greedy of house owners. We have windows directed proposed build side and this will block our windows from sunlight permanently witch I am not happy ababout it. Another issue will be that this will create another noise pollution that we already struggling with and complaining to council.
