Location and description of site	Land to Rear of George Inn, 5 Sandford Road, OX4 4PU
Application number	20/00934/FUL
Comments	<p>I strongly object to this planning application on the grounds that it will significantly increase the amount of cars parked on the nearby roads and pavements, which are already overly full. There are sadly only 12 car park places for the 8 proposed houses, and experience shows from the other developments in the area (see Astrop Lane nearby) that residents require far more parking spaces. The area is on a main pedestrian route to the nearby Sainsburys and the local schools and as such many vulnerable people need to be able to walk safely in both directions along the pavements nearby, having extra cars and traffic will put their safety at risk. In addition there is minimal space for parking left for the pub, which will mean that people will come out and park on the main road, which will create both noise and traffic late into the evening. Finally, the area is in a conservation area with much character, one of the few such areas in Oxfordshire and needs to be carefully safeguarded.</p>
