Comment Details

Commenter Type: Neighbours

Stance: Customer objects to the Planning Application

Comment Reasons:

- Amount of development on site
- Effect on adjoining properties
- Parking provision

Comment: I wish to object to this building plan on the grounds of, I feel that the safety of the staff (all currently female) will be put at risk due to the housing proposed when they come to leave the premises, walking to their cars, after the evening shift. At the moment you know that there will be no one about but with all that housing and parking they will now be much more at risk from all walks of life.

They also do a great deal for the local community in fund raising with the annual fun day using the car parking area which will no longer be able to go ahead. The pub also opens up the car park of a morning to allow parents to park safely and walk their children to the local schools, if this is taken away then it will just lead to more on street parking which is already a nightmare at school drop off and pick up times.

Again allowing Oxford United fans and away fans to park here again takes the edge off the on street parking and congestion.

People from the local wood turning group held in the village hall also use the car park on their meeting days, as parking at the village hall is insufficient for them.
