Dear Sirs

SUMMER FIELDS SCHOOL – BOUNDARY WALL PLANNING APPLICATION – LANDSCAPING DETAILS

I'm writing regarding the requirement to provide Landscaping Details to support our planning application. I can confirm that the proposal does not involve alterations to the surrounding landscape. However, for information the following work will be undertaken:

- The existing ivy and vegetation growth to the wall will be removed prior to bird nesting season.
- Any disturbed hard standings will be made good to match the existing.

Yours faithfully

Eric Catmull
