Comment Details

Commenter Type: Neighbours

Stance: Customer objects to the Planning Application

Comment Reasons:

- Amount of development on site
- Effect on adjoining properties
- Effect on traffic
- Parking provision

Comment: Whilst I am happy to have the mosque on Stanley Road I have to object to any further development on the site.

The heavy traffic from mosque users frequently causes bad congestion on the street and parking restrictions are often ignored causing dangerous traffic conditions, especially at the junction of Stanley Road and Iffley Road.

I must therefore add my voice to my neighbours and the residents' association to oppose any development that might add to the problem.
