

The Landmark Trust

8th February 2021

The Old Parsonage, Iffley

To Whom it may concern,

The Planning Portal is requesting a Structural Survey as a mandatory requirement for this application. Having double checked the forms I can not see where I have inferred that these works will in anyway affect the structure.

I will not be submitting a structural survey for this application as the works relate to the rainwater goods, not the structure in anyway.

Yours sincerely

Olivia Mayell
