Comment: We love this place because all people there are friendly even if it's your first time in pub. It is our second home where you don't feel mentally exhausted like everywhere else, you know you have people around you who will listen and understand. The members of staff always welcome you with smile and will chat to you about everything. [REDACTED]

[REDACTED] They told us not to drink outside we stopped it and trying to tell new people to do same, we listen to people opinions but it's our home where we all met, we don't have another rock pub in Oxford, they already took away Glock and cellar and PT, it's only place where is regular music of our taste with relatively good price on drinks and snacks. Think of old generation, they've been going there for 10+ years. Myself I'm going there for 5+ years and yes it has been down sides but it was quicky demolished by good side of it. So I sad my honest opinion and I hope you'll read it and understand what it is like for us.
