Der Sirs,

Application No: 21/00428/FUL. 78B St Clements, Oxford. Change of Use.

Thank you for your letter dated 18th February pointing out my errors and omissions in this planning application so clearly.

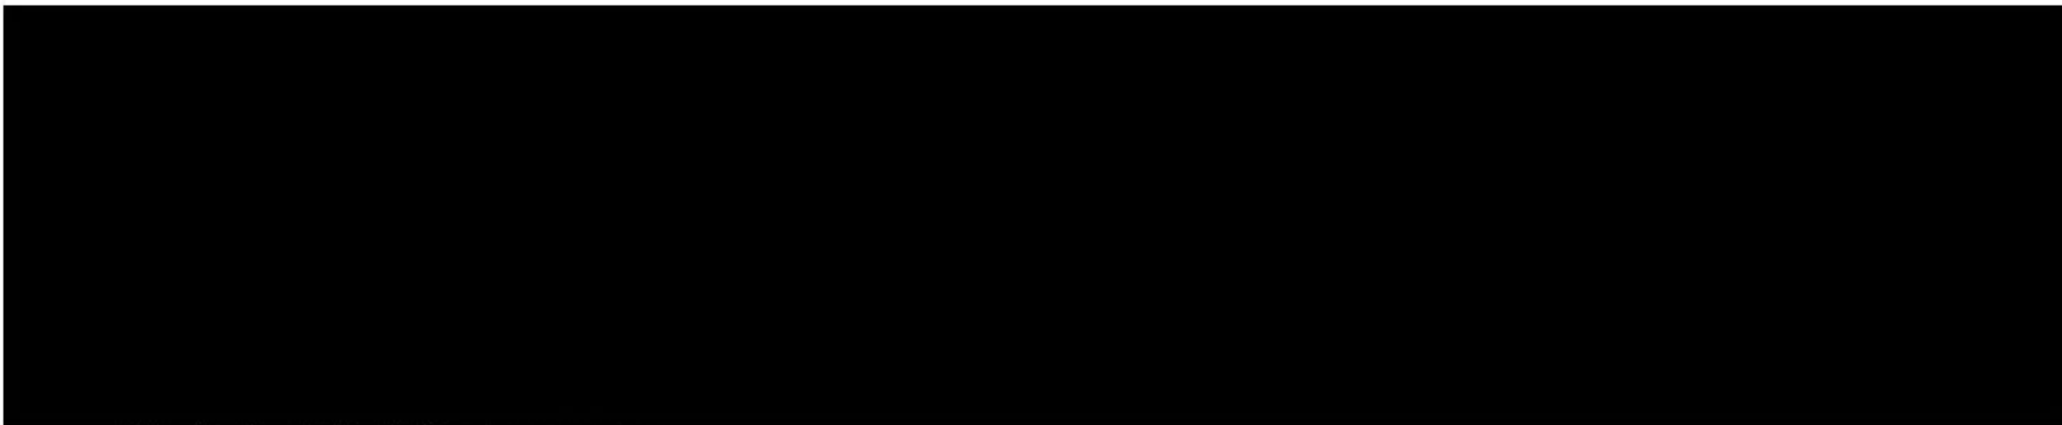

I have made the corrections and additions as requested, and I now enclose:

Firstly a corrected 'Plans as Proposed', drawing number 78.105.9, showing the four flats annotated as such. Please discard the erroneous plan originally submitted.

Secondly a new 'Block Plan proposed' showing the site in relation to its surroundings and with annotations recording the present uses.

I believe these meet your requirements, but please advise me if any further plans or details are required.

Yours truly,

J M B Young.
