	Yes	No	Yes	No
Details of reported pollution incidents are available from the Environment Agency's website.		✓		

If the answer is 'Yes' please detail the areas where the pollution incident occurred and give information on the type of pollution, quantity and date of occurrence if this information is known.

3. Signs of Land Contamination

Please detail any signs of ground contamination and any evidence of past industrial use. For example ground staining, discoloration, chemical odours, unnatural ground conditions, industrial structures, oil storage.

Please also indicate the distance of any surrounding industrial use including fuel tanks, from the boundary of the development site.

The old Building plus the extended building shell have NO any changes since I bought in Jan 2014. always used as residential home.
The new extension is built on outdoor carpark of the old building.

4. Previous Land Contamination Reports

If you are in possession of or have access to any previous land contamination reports relating to the site, please provide this information in support of the application, along with an interpretation of the risks to the proposed development.

Report(s) and interpretation enclosed? (Please tick)

Yes

No

Please provide a brief description of enclosed reports

5. Declaration

Based on your knowledge of the development site and the information you have provided in this questionnaire, please state whether land contamination is suspected, may be present or may be a risk to all or part of the proposed development? (Please tick)

Land contamination is suspected, may be present or may be a risk to the proposed development

Land contamination is not suspected and there is no information to suggest that land contamination may be present or may pose a risk to the development

NOTE: Importing Top Soil

materials
PS. No New Soil forming or New soil have been brought onto the development site.

Any soil or soil forming materials brought onto the development site for use in garden areas, soft landscaping or for filling or level raising will have to be suitable for use. You are advised to confirm the suitability of all imported soils through independent chemical analysis.

Please sign below to confirm that all the information given on this questionnaire is correct to the best of your knowledge.
