Hello,

Can this one be set up as a TC application to be booked in please? Address is the Charterhouse on Charterhouse Lane.

Thanks

Ben

Hi Ben,

Please see images attached of cherry to the rear of Charterhouse. This really needs to be removed. As you can see it is far too close to the gable and will continue to raise issues.

Regards

adam

Hi Ben,

We've been requested to prune a cherry to the side of one of the block of flats in the Charterhouse. This falls within the conservation area.

In all honesty we could really do with total removal as the cherry sits against the old boundary wall within Sykes St flats. Please see attached pics. Can I have your thoughts on this?

Regards

Adam
