Dear Mr Youngman

The form you have filled in not the one required. Please find attached the appropriate forms.

You will need to submit an amended plan showing the changes.

Kind regards

Hi Lynne,

Thank you for your approval,

I have a question my builder visited to discuss job and made a suggestion of possibly moving the front door entrance to the side to avoid wind draft when opening or answering door.

No I have planning can I make small changes to the door position?

Also I would move glass panel to front were door would have been ?

No changes to measurements just positions of door and window panel

Kind regards

Scott Youngson
