

Contaminated Land Questionnaire

Please complete ALL SECTIONS.

1. Development Details

i) Site Name	M.K. DOGAR Ltd.
Site Address	91 LIME WALK HEADINGTON
Post Code	OXFORD OX3 7AD.
Planning Reference (if known) Eg. 10/99999/FUL or P10/E1111	Awaiting number.

(tick all that apply)	Residential	Agricultural	Commercial	Industrial	Other (specify)
ii) What is the proposed site use?	<input checked="" type="checkbox"/>				
iii) What is the existing site use?	<input checked="" type="checkbox"/>				
iv) What has the site previously been used for in the past 150 years?	<input checked="" type="checkbox"/>				
v) What is the current use of adjacent land?	<input checked="" type="checkbox"/>				
vi) What has the adjacent land been used for in the past 150 years?	<input checked="" type="checkbox"/>				

2. Site History, Land and Building Use

i) If the use of the site has changed, please give date of any known change(s)		
From	To	Land Use
	NONE	

ii) List existing buildings and describe how they are currently and have previously been used. Please provide photographs of site buildings.	Detailed house used to house 7 students from OBCU.
---	--

iii) Have any fuels or chemicals ever been stored on the site? (Please tick)	Yes	
	No	X
iv) Have there been any fuel/chemical spills or leaks on the site? (Please tick)	Yes	
	No	X

4. Previous Land Contamination Reports

If you are in possession of or have access to any previous land contamination reports relating to the site, please provide this information in support of the application, along with an interpretation of the risks to the proposed development.

Report(s) and interpretation enclosed? (Please tick)	Yes	
	No	X

Please provide a brief description of enclosed reports

5. Declaration

Based on your knowledge of the development site and the information you have provided in this questionnaire, please state whether land contamination is suspected, may be present or may be a risk to all or part of the proposed development? (Please tick)

Land contamination is suspected, may be present or may be a risk to the proposed development	
Land contamination is not suspected and there is no information to suggest that land contamination may be present or may pose a risk to the development	X

NOTE: Importing Top Soil

Any soil or soil forming materials brought onto the development site for use in garden areas, soft landscaping or for filling or level raising will have to be suitable for use. You are advised to confirm the suitability of all imported soils through independent chemical analysis.

Please sign below to confirm that all the information given on this questionnaire is correct to the best of your knowledge.

Name	MAZHAR DOGAR	Tel	[REDACTED]
Date	19.3.2021	Email	[REDACTED]
Sign	[REDACTED]		

3. Signs of Land Contamination

Please detail any signs of ground contamination and any evidence of past industrial use. For example ground staining, discoloration, chemical odours, unnatural ground conditions, industrial structures, oil storage.

Please also indicate the distance of any surrounding industrial use including fuel tanks, from the boundary of the development site.

NAME

vii) Have there been any pollution incidents, either reported or unreported, on or adjacent to the site? (Please tick)

Reported	Unreported	Yes	No
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

Details of reported pollution incidents are available from the Environment Agency's website.

If the answer is 'Yes' please detail the areas where the pollution incident occurred and give information on the type of pollution, quantity and date of occurrence if this information is known.

v) Have there been any waste disposal activities (including the burning of waste) carried out on site? (Please tick)

Yes	No
<input type="checkbox"/>	<input checked="" type="checkbox"/>

vi) Have there been any waste disposal activities carried out within 250 metres of the site? (Please tick)

Yes	No
<input type="checkbox"/>	<input checked="" type="checkbox"/>

If the answer is 'Yes' please detail the areas where waste is or has been stored and the type of waste/ quantity present if this information is known.

For information on landfill sites please refer to the Environment Agency website.

If your answer to either of the above questions is 'Yes' please state the type of fuel/ chemical stored, location and details of any spillages including the quantity, location and any action taken to clear the spill if this information is known.

District Council

Contaminated Land Questionnaire

This questionnaire is to be used for all planning applications that involve creation of a use that would be particularly vulnerable to land contamination, such as new residential units. The information requested in this questionnaire is considered to be an appropriate contamination assessment and sufficient to comply with Question 15 of the 1APP form.

Examples of vulnerable end uses and potentially contaminating land uses are contained in Appendix One. Residential developments should only complete this questionnaire if one or more new residential units will be created.

If any part of the development site is known or suspected to be contaminated, a contaminated land desk study and preliminary risk assessment consultant's report is likely to be required. The information you provide in this questionnaire will help us make an informed decision as to whether a more formal assessment of land contamination is necessary.

In order to assess whether a proposed development is suitable, the applicant must satisfy the Local Planning Authority that there is no unacceptable risk from contamination. This questionnaire seeks information about the proposed development and the previous uses of the site and will help us assess whether contaminated land is an issue. It is therefore essential that you answer the questions accurately and thoroughly. Failure to provide the required information will result in the questionnaire being rejected and may delay your planning application decision.

This questionnaire is available on the contaminated land pages of the councils' web sites. For more information contact the Environmental Protection Team on:

Vale of the White Horse: 01235 422403
South Oxfordshire District Council: 01235 422403
Oxford City Council: 01865 249811

Obtaining Historical and Environmental Site Data

Historical mapping from 1843 to the present day is required to complete the questionnaire. This information might be available from the library free of charge and can be purchased from commercial search companies such as, but not limited to, Landmark and Groundsure. Historical mapping can be viewed for free and copies of mapping purchased at <http://www.old-maps.co.uk/index.html>

Landfill and pollution incident data can be obtained from the Environment Agency enquiries THM@environment-agency.gov.uk 03708 506506
