Applications cannot be validated until all the necessary documentation has been submitted and the required fee has been paid.

Thank you for completing this application form:

ONLINE REFERENCE 100376664-001

The online reference is the unique reference for your online form only. The Planning Authority will allocate an Application Number when your form is validated. Please quote this reference if you need to contact the planning Authority about this application.

Application for Prior Notification and Prior Approval

This form is to be used for notifying the planning authority that you intend to carry out certain development which is "permitted development" for the following types of proposals: *

- Farm-related building works (non-residential)
- Forestry-related building works (non-residential)
- Demolition of buildings
- Electronic Communication Code Operators

Please see the guidance notes for additional details and an explanation of the procedures.

Please note that the form should not be used to apply for planning permission – advice and appropriate forms for planning applications can be provided by the planning authority.

NB You should not use this form if your site is located within a "Natura 2000" site. If you are not sure about this you should contact the planning authority.

Proposed Farm or Forestry Building Works

What farm or forestry works are proposed? *

- A new building
- An extension to an existing building
- An alteration to an existing building
- To form or alter a private way

What is the purpose of the proposed development? * (Max 150 characters)

Temporary laydown area for forestry purposes

Please describe the materials to be used and the manner of construction of the private way: * (Max 500 characters)

The consent granted for the SWS Renewables Project requires the removal of temporary roads and hardstandings. This application is for a laydown area to process and store a quantity of stone produced from the removal of the temporary tracks and hardstandings that will then be used for new road construction and road maintenance on FLS land. It is also intended to use some of the surplus soil/soil making material for the nearby surface coal mine restoration works on FLS land.

Please describe the proposed design of the private way: * (Max 500 characters)

Stone would be processed where required by a mobile crusher/screener, loaded by excavator, and would be used in the North Kyle, South Kyle, Castlemaddy and Eucharhead forests. The stone would likely be used within a period of three years and would total approximately 25,000 tonnes. Surplus soil/soil forming material would be taken to the Chalmerston surface coal mine for restoration works. Other materials such as plastic geogrid would be taken for appropriate approved waste disposal.

You must provide a site plan detailing the route the private way is to take. Please tick the box to confirm that you will attach a valid site plan:*

- I confirm that I will attach a site plan giving details of the location of the private way

Prior Notification - Demolition

Are you proposing to demolish a building? *

Yes No

Checklist – Application for Prior Approval

The additional information below is required if the Planning Authority has responded to a previous prior notification and informed you that your development proposal requires Prior Approval.

I am applying for Prior Approval, and have been asked to provide additional information. *

Yes No

My application relates to Electronic communication code operators: *

Yes No

Declare – Prior Notification and Prior Approval

I/we hereby give prior notification to the planning authority that I am/the applicant is intending to carry out the works described in this form and accompanying plans/drawings and additional information.

I certify that the proposed building works are required for the purpose of agriculture and/or forestry and will be designed accordingly. None of the works includes the construction, extension or alteration of a dwelling.

I/we hereby give prior notification to the planning authority that I am/the applicant is intending to carry out the works described in this form and the accompanying plans/drawings and additional information.

I confirm that the building has not been rendered unsafe by the action or inaction of any person with an interest in the land and it is not practicable to secure the safety of the building through repair or temporary support works.

Declaration Name: Mr Adam Mealing
