ASH (G1) LOCATION PLAN.

Proposal:

Provide a detailed description of proposed works	Fell seven ash trees on steep bank over cottage below
--	---

Reason:

Describe why the works are an exception	The ash have had Ash dieback disease (<i>Hymenoscyphus fraxineus</i>) for several years and are now judged to be in a poor condition. Given their location, over the cottage below and their tall and drawn form and stems/crowns weighted towards the house, it is recommended to remove the trees as soon as possible.
---	--

Photographs:

Are you providing photos?	Y/N Yes
Describe what photos show	The photographs show the seven trees in their location.

Replacement Proposals:

Do you have a preference for replacement planting?	Y/N
Describe preferred replacement trees and reasoning	Replace with sessile oak -native woodland trees

Additional Comments:

Provide additional information here	
-------------------------------------	--

Please complete the form and send to the Planning Householder via email at planninghouseholder@cornwall.gov.uk.
