Commenter Type: Objector

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I object to the planning due to concern about the increasing risk of traffic within the residential area.

We are already suffering with the building site next door due to rubbish flying around and sand covering our car.

Since the start of the building site our road and pavement has been deteriorated, our front plant damaged, mud and sand all over our cars and patio, cement on our window and lorry and car driving fast in our road and on top of that we do feel the vibration of the heavy machinery in our house .
