

Heritage Statement.

List Entry Number: 1042820 . 'Byre and barns, east of number 2' NE20 0HF.

Date first listed: 22-Aug-1986

The bathroom was installed as part of the renovation of the building in 1987. (Listed Building Consent 86/D/536a). The original barns were renovated to form part of Harnham Buddhist Monastery, housing the main meditation hall, storage and some community accommodation. No original features will be lost in undertaking the proposed renovation. We are also planning to add a glass panel with painted timber frame above the new entrance door to the bathroom in order to allow for more natural light in the room.

The monastery is situated in the quiet hamlet of Harnham, adjacent to Harnham Hall. There are fields opposite.
