

To give you an idea of how the extension to 1 The Finches will look from the front.

It will be *similar* to this photo, with the following exceptions:

1. Slightly different ground floor tiled roof line, to match right hand side of house.
2. Extension window will be smaller, and paned to match existing windows.
3. The guttering will be to one side of the house and not down the centre as in this photo.

(see elevation plans for details of 1 The Finches extension proposal).
