Thank you for your e-mail.

Most of the properties within the grounds of Tewkesbury Abbey are also within an area protected as a scheduled monument. This seeks to protect the buried archaeology of the former Abbey and its surrounding buildings. The site is protected under the Ancient Monuments and Archaeological Areas Act 1979 and under Section 2 of that Act any works within the scheduled area require the consent of the Secretary of State. More information on this can be found on our website:

I do not think that there will be an issue with your Summerhouse, but I just need to know a bit more detail before I can advise you fully.

Can you tell me your address and where the summer house is planned to be located in your garden?

Kind Regards
