Dear Sir/Madam,

Re: Oxford University Press – proposed cleaning and repair works K Wing Great Clarendon Street boundary wall

On behalf of our Clients, Oxford University Press, we have submitted the following documentation in respect of a **Listed Building** application;

1. Completed application form,
2. Drawing 01176/01 "Proposed remedial works to K Wing boundary wall" (including Location and Block plans),
3. Heritage Statement.

A recent Condition Survey of the Oxford University Press site highlighted the generally poor condition of the K Wing Great Clarendon Street boundary wall and the need for priority remedial works to prevent injury from spalling stonework and further general deterioration.

The typical defects to the walling and proposed remedial works are summarised in our Heritage/Methodology statement and the drawing.

Should you have any queries or require any additional information, then please do not hesitate to contact us.

Yours faithfully,

David Barrington FCIQB CEnv Dip NDEA
Director
