Dear Ms McMichael

Thank you for your email and I am sorry for the delay in replying to this matter. Further and as discussed via telephone, I cannot see any restrictive covenant within the property that prevents you from carrying out the proposed works of converting the grass area to a bituminous material in order to create a larger parking area within the property ownership or require any permission from this company. As it is your intention to retain the boundary hedge etc at the perimeter of the property, you proposed would seem to be in keeping with the overall appearance of the development. However, I would recommend that you contact your local Council Planning Authority to see whether you require their permission for this proposal.

I hope that the above provides the information that you require.

Kind regards

Alex
