Surname	<input type="text" value="Zucchelli"/>
Reference	<input type="text"/>

Date (Must be pre-application submission)

Details of the pre-application advice received

The advice was not formal pre-application advice but a response to a query, by email as follows:

In response to a question passed on on our behalf by Lucy Fathers:

"From a conservation perspective there are no issues with this application; it is not attached to the listed building and is at the end of the garden.

The only issue possibly could be its visibility from street side, (my note - it is not visible from the street side) but given it is only a single storey and set back from street side, I don't envisage this to be an issue.

It is still likely to require FPP, but I don't think it warrants a pre-app. I would check with the duty planner.

Yes No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
