4. Description of Proposed Works

Please describe the proposed works:

I seek permission to erect a double open fronted garage and closed store/workshop at ground floor with a home office come gym and hobby area above (in the roof space). The construction will be an L shape with a portion of the building being single story only. The proposed structure is an oak framed building with weather board cladding (black) and a slate roof in keeping with the house. This is to replace the existing garages and outbuildings which were in a poor state of repair, literally falling down. When we purchased the property the outbuildings were listed as "in need of refurbishment" due to safety concerns they were demolished a couple of years ago. The location is adjacent to the prior footprint located in an inconspicuous position to the rear of the property.
