12th March 2021

Dear Sirs

**Application 20/03065 Resubmission
Winterbourne, Berries Road, Cookham**

I refer to the Notice of Decision dated 21st January 2021 wherein permission was denied for two reasons, namely:

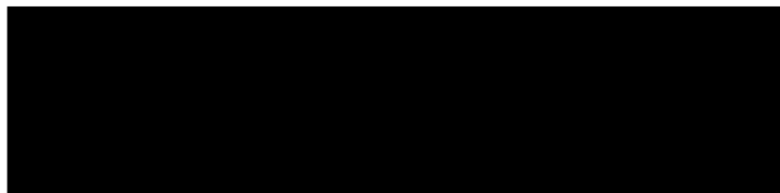

1. The additional storey would be constructed on a part of the dwelling which is not a principal part and
2. Possible adverse impact on European Protected Species (bats).

A new application form is attached. Please note the plans have been amended to remove that part of the additional storey which would have been constructed over a part of the dwellinghouse which is not a principal part.

An ecology report is attached.

The application fee of £96.00 is enclosed.

Yours faithfully

David Edmondson
