Removal of Leylandii hedge at Kinnaird, Mill Lane, Harbledown CT28NQ

Further to my conversation with your colleague on 12th April, who was going to email a form which I have not yet received. I would like to seek clarification regarding the following:

I wish to remove the hedge which is sited between my property and Whits End, the hedge is approximately 12 metres (23 trunks) long and overgrown. Once removed, I intend to erect a continuation of fencing and plant some trees and shrubs along the fence.

I will assume there is no problem regarding the removal unless I hear from you.
