Dear Amy,
Thank you for your prompt reply. Yes, some of the trunks are over 75 mm and the hedge is approximately 3 metres high.

Regards,
Evelyne Denham

Dear Ms Denham

Thank you for your email.

Please could you advise if the stem diameter of the trees is over 75mm and 1.5 in height.

Regards,

Amy

Please find attached photos and drawing of the area of the hedge I wish to remove, as you can see the hedge is deteriorating, to start reducing the width will just be cutting into the old wood (which does not grow back) and it will look even worse.

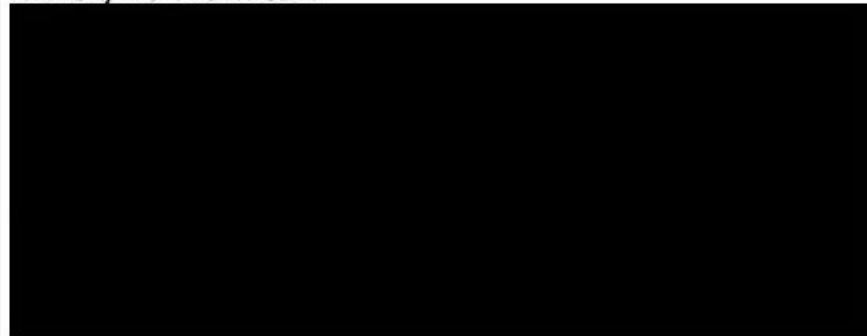

As explained previously, I wish to extend the existing fencing and then plant trees and shrubs along the fence line.

If you require any further details can you please email me as I wish to do the work as soon as possible.

Thank you

Evelyne Denham
