COMMUNITY INFRASTRUCTURE LEVY (CIL)  
 The Community Infrastructure Levy (CIL) is a charge levied on new development, based on the value added by the development. It is a replacement for the former Community Charge (CC) and is intended to provide a more predictable and transparent source of funding for local authorities. It is a charge on the value added by the development, and is intended to provide a more predictable and transparent source of funding for local authorities. It is a charge on the value added by the development, and is intended to provide a more predictable and transparent source of funding for local authorities.
