Dear Sir/Madam,

Amended Planning Application for Fort Halstead - Ref: 19/05000/HYB

We have expressed our concerns and objections to the proposed development of Fort Halstead in our original letter dated April 3rd. 2015.

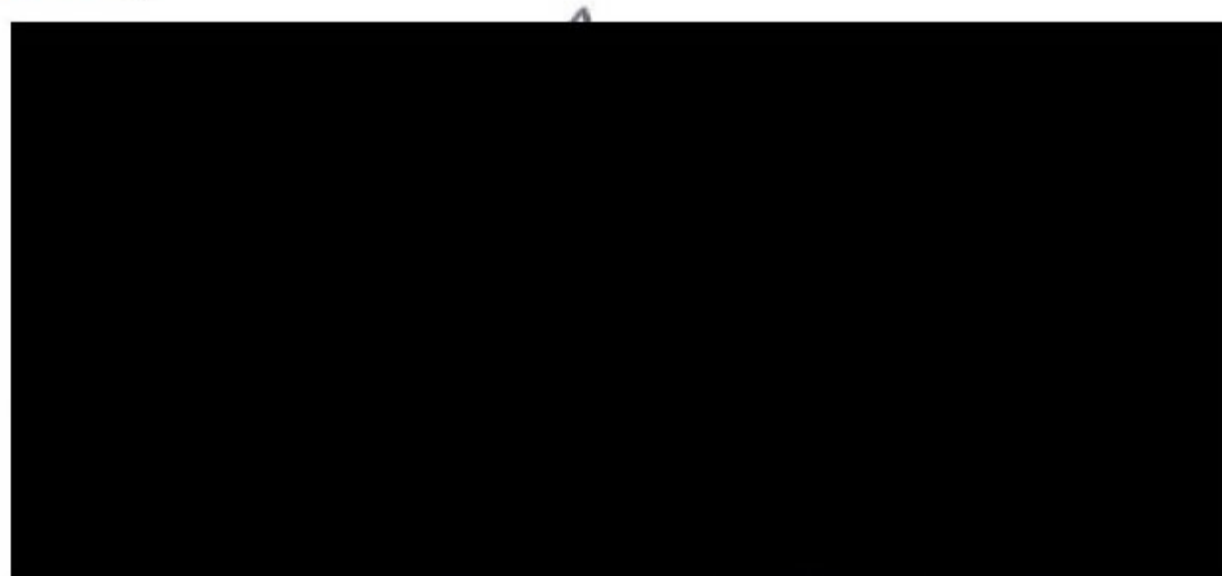

There have been many revised submissions but there is in these latest amendments a disaster waiting to happen, namely the request to fully utilise the Star Hill entrance.

Since 2015 there is considerably more traffic using Star Hill and that now includes vast numbers of cyclists. It is a **fact** they are unable to match the speed of cars which then attempt to pass on the blind bends. It is madness to allow hundreds of extra vehicles to exit from Fort Halstead onto Star Hill.

We also attach a letter written on behalf of the Knockholt Society and we agree entirely with its content. Please take that into consideration when making your decision regarding this amendment.

We sincerely hope SDC will rescind planning permission for this development.

Sincerely,

Sent by e-mail: planning.comments@sevenoaks.gov.uk; planning.policy@sevenoaks.gov.uk
