	V1 is an invalid carriage being driven on Amherst Hill, Sevenoaks towards Riverhead. V2 is a car that was overtaking V1 at the time of the collision. D1 has had some sort of heart attack or stroke whilst driving and this has caused them to lose control and veer sharply to the left. The mobility scooter / invalid carriage has hit the high kerb and flipped over causing the driver to be ejected and fall out the vehicle. D1 has then hit the passing / overtaking V2 somewhere on the rear nearside with some part of their body. No damage was caused.							1		Casua Vehicl		1 2

	V2/pedal cycle has been taking part in a cycling event. Rider travelled up Polhill and north along A224 on to the roundabout at Badgers Mount towards A224, M25. As V2 passed the 2nd exit for Old London Rd, V1 joined the roundabout at Old London Rd and pulled in front of V2. R2 took evasive action and shouted out. V1 sped up and left at the A224 Scutt, towards Polhill. V2 lost control and took the A224 North (Orpington Bypass) however crossed in to the opposing carriageway, hit kerb and fell into the verge and sustained serious injury.
