

Sevenoaks District Council

Claire Shearing, Planning Dept.

Dear Madam,

Ref 19/05000/HYB

14 July 2020

Thank you for your letter of the 6 July regarding the Planning Application for Fort Halstead

When I was on the Parish Council like other members at the time I expressed the view that digging up contaminated land to build houses bearing in mind there would be families with young children would be very dangerous. and the Ministry of Defence thought the land should return to woodland and open space.

Again thank you for the opportunity to express my view.

Yours faithfully,

A black rectangular redaction box covering the signature area.

Longfield, Halstead Lane,
Knockholt TN14 7EP

ps, we already have a lot of traffic passing through our village, a lot more houses with cars could also try avoiding the motor way and create havoc.

If unavoidable a maximum of 400 houses would be sufficient taking a chance on life.
