Dear Sir/Madam

You would have received my comments dated on the above in October 2019 in regard to the planning application for redevelopment at the Fort Halstead site. Most of the comments made in this letter still stand good and therefore should not need to be repeated.

Having read the submission made by the Knockholt Society on 23rd July 2020 in regard to this Amended Consultation I would 100% support the case made by the Society as this covers all the relevant points that need to be taken into account.

I remain opposed to the Council approving this development.

We understand that comments already made will be considered when the decision is made on the amended application.

Yours sincerely,
