:

Proposal: Certificate of Lawfulness (Proposed) is sought for a loft conversion with rear dormer window and two rooflights to front roof slope.

I acknowledge receipt of your application in respect of the above which was received as valid on 14 April 2021. I may have changed your description of the proposal to make it more clear, but if you are not satisfied please let me know.

Whilst I technically have until 09 June 2021 to deal with your application, due to the extraordinary events caused by the COVID-19 pandemic, we are trying to maintain as normal a service as possible. Unfortunately, in the short term, there are aspects of workflow we will need to change as we work to adapt to government guidance.

We will consult upon and decide your application as soon as possible and at least with initial assessment and internal consultation done your application should be able to progress speedily from that point. We are grateful to you for bearing with us through this difficult period.

What we do with your information

We use the information provided to us to make decisions about the use of land in the public interest. Some information provided to us we are obliged under the regulations to make available on planning registers. This is a permanent record of our planning decisions that form part of the planning history of a site.

How we share your information

We will make details of planning applications available online so that people can contribute their comments. We will sometimes need to share the information we have with other parts of the council - for example to establish how long a building has been used.

Thank you for your payment of £103.00 (Receipt No:1618415153918954)

Yours Faithfully
