Dear Rebecca,

Thank you for your letter on 15.4.21 concerning my application for 64 Clarendon Street (W/20/1929).

As you requested I am attaching a PDF of the location plan (bought from www.requestaplan.co.uk.)

As you may be able to see, the road which the application site (outlined in red) lies on has not been named. I am not sure why, but no option was offered to name it. Perhaps that information was considered too obvious given the title of the plan '64 Clarendon Street'. Please could you confirm this is not a problem and that the Location Plan (which we have paid for) is in order. If it is a problem, please could you help, as I do not have the technical expertise to write that name on.

Yours faithfully,

Paul Smallwood.
