Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Also, the list does not include the newly introduced Use Classes E and F1-2. To provide details in relation to these or any 'Sui Generis' use, select 'Other' and specify the use where prompted. Why do you consider that a Lawful Development Certificate should be granted for this proposal?

A Lawful Development Certificate should be granted for this proposal as the proposed development falls into the limits and conditions to be considered a permitted development loft conversion.

- The house is not on a designated land.
- The additional roof space created adds circa 14.5 cubic metres which, together with previous full planning application additions (25m³) does not exceed the 40m³ volume allowance for this type of property.
- The extension is not extending beyond the plane of the existing roof slope of the principal elevation that front a highway as the extension is located on the rear and side elevations and is recessed from all elevation planes as shown on the submitted documents.
- All materials will be similar in appearance to the existing house.
- No part of the extension is higher than the highest part of the existing roof.
- The roof extension is set back from at least 20cm from the original eaves measured along the roof plane.
- The roof enlargement is not overhanging the outer face of the wall of the original house.
