Re: The Paddocks, Halloughton. NG25 0QP

Your ref: 21/00832/HOUSE

The property is a semi-detached house with some a single storey outbuilding to the rear which is in need of a lot of repair. The adjacent semi has already had a two-storey rear extension.

It is proposed to demolish the outbuilding and build a single storey extension which will be connected to the existing building by a two-storey rear extension. The extensions will be constructed in materials to match the existing.

The surrounding area has had numerous new buildings constructed in various designs which impact on the conservation area for more than the simple rear extension to The Paddocks.
