## 10. Pre-application Advice

Given the defined character of the area, the introduction of a two storey side extension would appear out of character. This is exacerbated given the intention to change the materials to the façade. Whilst there are no significant concerns in regards to amenity impacts, it is unlikely the current proposal would receive a favourable recommendation. Therefore I cannot encourage an application for this proposal. I trust that this information is of assistance. Please note that the above advice is given without prejudice to the consideration and determination of any forthcoming planning application.

## 11. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

Yes  No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
