Subject: Application for Tree works - likelihood of falling branches and damage to BT wires or other property.
Attachments: EPSON001.PDF, EPSON002.PDF, EPSON003.PDF, EPSON004.PDF

Please find enclosed an application for tree work.
There is no TPO on this tree but we are in a Conservation area.
I have real concerns, borne out by a visit from a Tree Surgeon that in poor weather branches may break off, endangering pedestrians/vehicles and the BT cables which run close by.
I have attached photos illustrating this.

Thank you for your time and attention

Stephen French
