Dear John.

Following my site visit in October last year and the photographs recently submitted, I can confirm that the required Schwegler bat and bird boxes, supplied by ourselves have been installed on site and are in situ. This is in line with planning condition 8 of the approved planning consent for the above site (ref: 2016/2088/FUL).

Kind regards,

Simon Pidgeon BSc (Hons) MRSB

Director/Senior Ecologist
