

SITE PLAN
1:500

GENERAL NOTES

1. All dimensions in millimeters (mm).
2. Unless specified, finish elevations to all landings, to walls and landing bank up.
3. All levels and elevations are to be finished levels unless specified for construction only.
4. Proposed floor elevations may vary in those areas of "undeveloped" or "undeveloped".
5. Where shown, proposed elevations may not be part of the approved schedule of "undeveloped".
6. Any changes to this drawing must be authorized/endorsed by the Architect or Building Control Officer/Planning as applicable.
7. Any "Void" Agreements are deemed to be the responsibility of the client unless the Architect is specifically requested under a separate agreement to undertake such review.
8. It is the responsibility of the client to seek for full planning permission and full building regulations to be granted before any work starts.
9. All structural members are indicated without the length of the bearing. It is the responsibility of the contractor to measure the required length of any structural member on site.
