

GENERAL NOTES

1. All dimensions in millimeters (mm).
2. Unless specified, finish elevations to all handings to ceiling and landing level up.
3. All work shall be in accordance with the latest edition of the relevant codes of practice.
4. Particular note on dimensions may vary in those cases where the plan is not to scale.
5. Unless otherwise specified, any and all work shall be in accordance with the relevant codes of practice.
6. Any changes to this drawing must be authorized by the Architect or Building Control Officer/Planning as applicable.
7. Any 'Void' Agreements are deemed to be the responsibility of the client unless the Architect is specifically requested under a separate agreement to undertake such matters.
8. It is the responsibility of the client to seek for full planning permission and full building regulations to be applied to any work.
9. All structural members are indicated without the length of the handings. It is the responsibility of the contractor to measure the required length of any structural member on site.
