Dear Mr Jenkins

Reference: 56334/001

Thank you for your letter dated 13th April 2021, please see answers to the queries raised below:

1. Only one tree is on my property (T11), the other (T10) is on land that is untended, but the dry branches is overhanging my property. I have added another sketch to the documents on the planning portal.
2. The trees in question are oak trees and the request is to remove the broken branches which is a result of the bad weather we had late in 2020.
