

Colours

In addition to our white finish, Lorimer windows and doors can also be foiled in rosewood, anthracite grey and American light oak woodgrains. The window or door frames can have a matching woodgrain finish on the inside* or, if you want to

make the most of the light in your room, you can choose white instead. The contoured shape of our Lorimer window, combined with the woodgrain Renolit foil, give it colour and texture, and also means that our woodgrain finishes look and feel like real wood.

A guarantee for complete peace of mind

CR Smith is committed to providing our customers with the best product and service available.

We have been in business continually for over 40 years and are now in our fifth generation of ten-year guarantee. We are always here for our customers, not simply during the installation but for the months and years thereafter.

Additionally, CR Smith offers an emergency call out service available 24-hours, 365 days per year so we are available when you need us most. This service covers both problems of a serious nature such as fire hazards, flooding, security risks and the like, as well as more minor (but inconvenient) problems such as customers who have been locked out.

Finally our whole guarantee package is fully transferable should you decide to move house in the future and as such, will be a great benefit in helping to sell your home.

Product & installation guarantee

The Lorimer guarantee covers parts, products and workmanship for a full ten years. We will never hesitate to honour our obligations under its terms and our dedicated customer service team will handle your queries quickly and efficiently.

Security guarantee

We are so confident in the security provided by the Lorimer range that for ten years we will replace any door or window fitted to a brickwork aperture, completely free of charge, should it fail and an unwanted intruder gains entry to your home through the Lorimer frame (excluding glass breakage).

Building Regulations certificate

CR Smith is proud to guarantee that all installations of Lorimer windows and doors meet, as a minimum, the exacting standards of Building Regulations (Scotland) at the time of your installation. This includes:

- Energy conservation
- Safety glass
- Fire escape
- Handle heights
- Safe cleaning
- Ventilation
- Permissions and warrants
