36. Pre-application Advice

First name	<input type="text"/>
Surname	<input type="text"/>
Reference	21/EQ/0031
Date (Must be pre-application submission)	<input type="text"/>
	13/04/2021

Details of the pre-application advice received

The principle of the application is acceptable and there are very few concerns with regards to design and amenity. However, the agent should clearly mark up the internal area as well as any external measurements to show that the scheme is compliant with the Residential Design Standards. Furthermore, in order to understand the scheme in its proposed setting, it would be useful to provide visual drawings of neighbouring properties and how the scheme would relate to these in the streetscene.
In order for this application to be acceptable, a balance will need to be struck between loss of host property's amenity space and space standards for the proposal site. At present, there is clear scope for an increase in amenity space for the proposed dwelling.

37. Authority Employee/Member

Yes No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
