Good day

Further to your email of today's date and our subsequent telephone conversations, I attach the plan of the new lobby with dimensions and also front and sides photographs.

I have said in the application that replacing a delapidated, felted, timber porch with a tiled timber lobby does not really affect the conservation of the rear aspect of Cyprus Row in its presented context.

Please do let me know if there is anything more that I can do to facilitate this matter.

Regards
