Dear Sir/Madam,

Please find enclosed an urgent application for a "Listed Buildings Consent, for work completed on my house.

The work was to replace 3 rotten windows, like for like, and to repoint the house, again like for like.

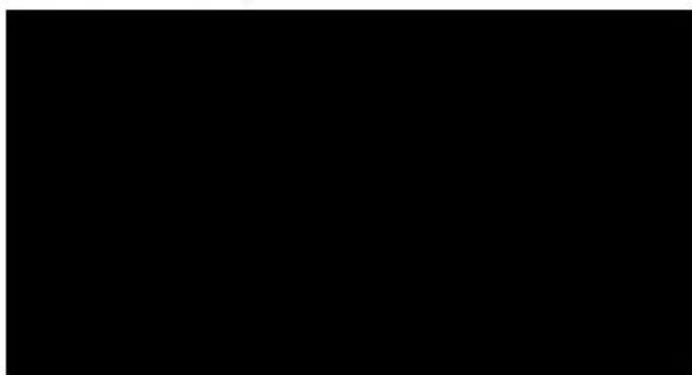

I enclose four photos of the parts in question as they are currently.

My information from your guide called "Your Guide to Making an Application for Listed Building Consent" advises that there is no fee to accompany this form. If however this is not correct, I will pay for this application by card over the phone.

Enclosed are 3 copies of all forms plus the original. In addition 3 sets of 4 photos to assist in this.

I would be very grateful if you would expedite this application as quickly as possible, as I am requiring this for a house sale.

Your faithfully

Peter Barry
