Dear Planning Committee,

I handed in a planning application a few weeks ago, and I would like to replace the plan for the wall with the new enclosed plan and photographs (the garage plan is unchanged)

I have consulted a number of professional building companies and they have given their advice on a suitable place for the gate to be placed.

Our address is 24 BLUEBELL WAY
CARTERTON
OXON. OX18 1JY

Mrs Joanna Partlett.

26.04.21

Dear Sir / Madam,

As advised by Mr Kevin Bachelor from Highways, we would like to open up our garden to park our second car. We intend to make an opening in our wall (fig 1), and fit wooden gates, which would open inwards, which would not cause concern for others using the courtyard.

Our other car would then park in its designated parking space.

We would also apply Tarmac as needed outside of the gates.

Joanna Pawlett.

PLEASE FIND ENCLOSED PHOTOGRAPHS 1, 2 and 3.
