4. Description of the Proposal

Please describe details of the proposed development or works including details of proposals to alter, extend or demolish the listed building(s).

If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.

To place 7 LED coloured lights in the grounds of the churchyard to light the North elevation of church, Tower door and war memorial. The lights would be mounted on small concrete plinths set into (and level) to the ground, these 40cm square. A narrow, shallow trench would be required to connect the plinths, this would be run tight to the boundary, where possible, the area chosen is not believed to contain graves. Nothing would be fixed to or disturb the fabric of the church or the war memorial.

We wish the church to become a beacon for the town, the colour will be changed to reflect seasons and support events, within and outside the church, e.g. pink for breast cancer or form part of the Trevithick day celebrations. The lighting is of a low level and would be on a timer to turn off at an agreed time to ensure our neighbours are not adversely affected, although the North elevation faces the high street and not a residential area.
